Pattie Pogue  
Midwest Acoustics

Dear NAWIC Supporter,

The NAWIC Greater Kansas City, Missouri Chapter No. 100 is pleased to announce that our 27th Annual Block Kids Building Program will be held on Saturday, February 6, 2016 at the Builders' Training Center, 105 W. 12<sup>th</sup> Ave, North Kansas City, MO. NAWIC works together with participating companies and organizations to promote the field of construction to youth as a career path and we would like your support by participating in this event:

- **We NEED you to be a judge (a.k.a. "Building Inspector")** – This is an experience you won't want to miss. As a judge you will talk to children about their project and complete a scoring form. With expectations of up to 125 children, we will need lots of "Building Inspectors". No experience necessary.

As a judge you will be promoting interest in the construction industry as a viable career choice to children in grades 1–6.

The Block Kids Building Program was developed by the NAWIC Education Foundation to introduce children to the construction industry to create an awareness of careers available within our industry. This national award-winning program is sponsored by NAWIC Chapters throughout the United States and Canada.

The success of this program is due to the tremendous support received from the construction industry. **Please feel free to make copies to distribute to your co-workers, etc.** If you have any questions, please feel free to contact me at 816-595-4109 or email me at [Rnorris@buildersassociation.com](mailto:Rnorris@buildersassociation.com).

Please complete the following information and return via email with the button below.
